DEMOCRATIC SENATORS PERSIST IN IDLE SPEECHMAKING WHILE SHIPPING NEEDS OF THE NATION ARE NEGLECTED

Administration Refuses to Surrender by Taking Bill Off Floor; Fight To Finish Expected.

Washington, Feb. 21."All deals are off, the fight will go on indefinitely."

With this announcement Senator Jones of Washington today prepared, as the Senate met at 11:00, to continue holding out against the Democratic filibuster against the Administration Ship Subsidy Bill.

Neither President Harding nor any administration leader in the Senate has the slightest intention of surrendering to the filibusters or of withdrawing the bill, Jones declared.

Senator Reed of Missouri resumed the filibuster by continuing his long speech on the plan of buying the West Indies. Senators Moses and Smoot asked him to yield to them so that they could put in reports. Senator Hitchcock, captain of the filibuster crew, said he would object to Reed's yielding.

Fear Turk Assembly Is Going To Force Break With The Allied Powers

Angora, Feb. 21.—Turkish Assembly met in secret today and well informed observers fear the legislators are determined to force an open break with the Allies.

Ismet Pasha, foreign minister, concluded his report to the Council of Commissaries yesterday and was invited to appear today at the secret conference. Mustapha Kemal, his speech less warlike than usual but stressing the freedom of New Turkey, also was present.

Tomorrow the Assembly will debate upon the acceptance or rejection of the Lausanne treaty.

Fighting Breaks Out In Dublin Again; Two Killed; Panic Ensues

Dublin, Feb. 21.—Fighting between Free tSate troops and Insurgents broke out suddenly in Dublin today and raged over a large area for half an hour.

Two rebels were killed and three combatants wounded. Dublin is in a state of panic.

Mrs. Lee Smith of Morrisdale, shopped in town Tuesday.

THAW, BENT, AND BROKEN, FREE TODAY

Philadelphia, Feb. 21.—The great iron gates of the Pennsylvania House for the Insane swung open today and a white haired, stooped shoulder, bent man rode out in an automobile for a "temporary vacation."

It was Harry K. Thaw, slayer of Stanford White and former husband of Evelyn Nesbit. He had been granted temporary liberty for ten days so that he may visit his aged mother in Pittsburg.

Few persons today would recognize the once cane free man in this aged person. His complexion is a sickly yellow-white, almost a prison pallor. His shoulders are bent and he has aged rapidly. He looked nearer seventy years old than his fifty-two years.

Young Attorney Wins First Case He Pleads Before The Jury

John M. Chase, 3rd, we believe the youngest member of the Clearfield bar, made his debut before a Clearfield county jury of twelve men, good and true, and some women too, yesterday afternoon, in assisting in the prosecution of the Forest man named Urbansky on charges of assault and battery. The young attorney welded the points scored in the conduct of the case together so strongly that the jury promptly returned a verdict of guilty and the Court just as promptly sentenced the convicted man to pay the costs in the case and put him on probation in order that his future conduct might be under bounds. The defense had scored heavily in this case and Mr. Chase is being congratulated on his victory. Mr Chase is connected with the law offices of A M. Liveright.

Edgar Butler left for Bucknell College Tuesday after spending some time with his parents.

TAX QUESTION IS "UP IN THE AIR" SAYS MR. WONER

Harrisburg, Feb. 21.— The question of what, if any, emergency taxation may be necessary will not be decided until after the Governor's budget and reorganization plan has been acted upon by the Legislature, Chairman Geo. I. Woner of the Ways and Means Committee announced today.

"The whole tax question is up in the air at the present time," Chairman Woner said "We cannot proceed upon a definite course until we hear from the Appropriations Committee and the Governor upon his reorganization plan."

ROUNDUP OF NEW YORK AND JERSEY COUNTERFEITERS

New York, Feb. 21.—Scores of Federal agents today are rounding up counterfeiters in New York and New Jersey.

Twenty-four persons have been arrested in Manhattan and Brooklyn, it was reported at Customs House, where the prisoners are being herded in a big room. Approximately one hundred fifty members of counterfeiting rings have been marked for arrest. It is not known how many have been taken. Raid was made on "money factory" by a gang in Brooklyn during the night and a rough and tumble fight resulted.

Another money factory was raided and counterfeiting currency totalling one hundred thousand dollars in bills of ten and twenty dollar denominations was confiscated. The imitation bank notes were very crude and could easily be distinguished as counterfeit.

"TUT" WILL REST IN PEACE THIS SUMMER

Luxor, Feb. 21.—Pharaoh Tut ankh-amen is to sleep through another sultry summer beneath the brick-red cliff of the Valley of Kings.

Visitors, royal, distinguished, noted, mainly curious, that have come to Luxor to be near the scene of the most famous excavation of centuries are departing. Others will come to take their places but the tomb of Tut ankh-amen will shortly be sealed and work discontinued until autumn on account of the hot weather.

Mrs. Annie Long and daughter Jennette of Philipsburg, shopped in town Tuesday.

WOULD REQUIRE ALL MINERS TO CARRY CERTIFICATES

Bill Introduced in House Would Put Soft Coal Men Under Ruling Similar to Hard Coal.

USELESS NONSENSE

Harrisburg, Pa., Feb. 20.—Workers in the bituminous fields of the state would be required to have certificates obtained after satisfactorily passing an examination before a state board before they could work as miners under the provisions of a bill introduced in the House tonight by Representative James T. Heffran, Washington county.

Mr. Heffran explained that the measure is drawn similar to the Illinois law, and in some respects is like the present anthracite certification act, but better in his opinion. The bill provides for the formation of an examining board of nine miners in each of the bituminous district to be named by the governor, and each to have at least five years experience. The board is to be permitted to divide into sub committees of three, and to receive $7.50 a day for services, with one meeting a month allowed, not to exceed three consecutive days. The pay is to be derived from the funds received from applicants for certificates, each one of whom would be required to pay $2.00. To obtain a certificate a worker in the district under the bill's provisions must have had at least two years experience as a mine laborer or with a miner and must answer twelve pratical questions intelligently and in the English language A penalty clause is included to apply to employers prosecuted for employment of miners without proper certificates. A miner with a certificate going into another district only would be required to register it before going to work.

VOTED DOWN FIFTY CENT INCREASE IN HUNTER'S LICENSE

Harrisburg, Feb. 20.—The House committee on games today took up the proposed revised game code but debate resulted in consideration of only 2 of the 125 sections. The proposed increase in registered hunters' license from $1.00 to $1.50 resulted in a vote to strike out the increase and later members who voted against the increase asked that definite action be deferred. The clause in the code to permit game protectors to point a gun at any one was amended to permit them to point a gun at persons only in self defense.

RUMBLINGS FROM THE RUHR

Paris, Feb. 21.—Stricter measures to be imposed in the Ruhr, including establishment of special money for the Rhineland were discussed by Premiers Poincare and Thieruis today.

Belgium and France will co-operate in the manufacture and sale of confiscated Ruhr products, it is understood.

Reports from the Ruhr announce increased disorder. Essen is without police and a paralyzing general strike ties up things in Dusselldorf. The German minister of commerce easily defied the Allies' order and entered the occupied territory to strengthen the resistance against the invaders.

Bavarians in the Ruhr Valley have threatened to cut off the hair of German girls who fraternize with French troopers.

Amsterdam, Feb. 21.—Communists in the Ruhr are forming military organizations. A strong force has already been raised at the Krupp works according to dispatches received today.

Mrs Clara DeBeck of Ogden avenue received word that her granddaughter Miss Georgianna Hewitt, died at the New Haven Hospital, New Haven, Conn. Body will arrive this evening and will be taken to the hoe of her grandmother, where funeral services will be held.

"THE SPRING MAID" WILL HOLD COURT AT THE DRIGGS THEATRE THIS EVENING

Cast Includes Most Able and Talented Amateur Actors and Musicians In The City Of Clearfield.

GIVEN TONIGHT ONLY

When Dr. F. D. Leipold lifts his baton for the opening overture of "The Spring Maid," being produced by the Clearfield Music Club under the direction of Chas. Sinclair, it will be the signal for the beginning of one of the most lavishly staged, most gorgeously costumed, most thoroughly prepared home talent productions that has ever been offered to Clearfield play-goers.

For weeks past the cast has been working on their respective parts and during the past week have been working intensively under the direction of Mr. Charles Sinclair, late of the Shuberts of New York.

The scenery arrived on Monday and it goes without saying that "The Spring Maid" will be the most elaborately staged home talent production ever attempted by local talent.

Last night's dress rehearsal showed every member right earnest in the working out of their part and every member has caught the spirit of the composer of "The Spring Maid" in fine shape.

The cast follows:

Princess Bozena .. Della A. Gallaher
Prince Nepomuk .... S. Keith Davis
Prince Aladar ... Victor K. Meredith
Annamirl ..... Margaret Betts
Baron Rudi ..... William Boag
Roland ..... Kenneth Thorn
Ursula ..... Rebecca Adams Stauffer
Spaetling ..... J. W. Cleary
Evakatl ..... Marion Roseberry
Col. Boone ..... Emmett Hardet
Mr. Lamax ..... Carl Mann
Mr. Skinner ..... Samuel Powell

The visitors are attended by the Spring Girls:

Gretel .. .. Eileen Smith
Hanni ..... Margaret Wilson
Josie ..... Clara Howard
Barbara ..... Madeline Porter
Fritzi ..... Elizabeth Bair
Sophie ..... Celestia Bonner
Elsie ..... Naida McDowell
Bertie ..... Maud Graham

Who are admired and courted by the Officers:

Toni ..... W. E. Muntz
Niki ..... Gordon Herrington
Franz ..... Richard Davies
Fritz ..... Frank Witherow
Leo ..... Wynn Quigley
Louis ..... Norman Watson
Vladimir ..... Theo. Jordan
Eugene ..... Frank Ditmar

Visitors at Carlsbad, Tradesmen, Attendants, Flower Girls, Wood Nymphs and Peasants.

The action covers three days during the festival at Carlsbad Springs.

Act. I. A Fountain Square, Carlsbad.

Act II. The Bee-Farm at Dornbrunnen, near Carlsband, the following afternoon.

Act III. The annual Al Fresco Fete, at Carlsbad.

A divertissement depicting the legend of the discovery of Carlsbad Springs.

"KING" OF THE "HOUSE OF DAVID" A DEFENDANT

Pawpaw, Mich., Feb. 2 0.—An order denying motion for dismissal of two actions brought against "King" Benjamine Purnell, of the House of David, was on file here today.

The plaintiffs, Ruth Bamford Reed, 17 and Gladys Bamford Rubel, 19 sisters, ask $800,000 damages for alleged improper treatment by "King" Benjamin.

"The King can do no wrong," they allege they were taught while members of the cult at Benton Harbor and so they submitted to the alleged abuses of Purnell.

Denial of the motion means that, unless Purnell finds some means of preventing execution of the suit, he must appear in Court.

Butte, Mont., Feb. 21.—Earth tremors of sufficient violence to break windows was reported in dispatches reaching here from towns in northern Montana.

The shock occurred late yesterday and was reported particularly heavy in Lombard, Townsend and Winston on the Helena line of the Northern Pacific north of Logan, Montana.

Mr. and Mrs. Charles E. Patton, of West Chester, were Clearfield visitors yesterday.

BRADFORD TWP. BOY KILLED IN MINE ACCIDENT

Newell Stewart, aged about 24 years and single, employed as Trip rider at the H. & W. Ref. Co., Coal Mine at Retort, was instantly killed yesterday forenoon about 11:45 when he fell from the six ton electric haulage motor directly in front of it and before the motor man could get it stopped it had badly crushed his head, from the effects of which he died before he could be taken out from under the huge machine.

Stewart and the motor man with the motor empty had come out of the mine to get some jacks, with which to rerail the other motor which was off the track in the mine. The jacks were loaded on the motor to be taken into the mine and Stewart also got on the motor on the front end and they started into the mine and had

(Continued on Page Two)

J. Frank Connelly, Life Long Resident, Died This Morning

J. Frank Connelly died at his home on upper Cherry street shortly before noon today after a hard battle against the inroads of a disease which attacked him a couple of years go. Mr. Connelly became ill two years ago but his rugged constitution and optimistic nature carried him through a severe attack at that time and he was able to return to his daily labors and again partake of the joy of living among his loved ones and his associates in industry. About three months ago he was again forced to leave his post of duty as superintendent for the Harbison-Walker Company and the decline in his condition was rapid.

J. Frank Connelly was the kind of man that it was good to know. Of a jovial, sunshiny disposition, he always looked on the bright side of life and his quick wit and sociable nature endeared him to a host of friends in all walks of life. He was eminently successful as a leader of men in industry and those who were brought in contact with him through the relations of employer and employee had the greatest respect for him.

He is survived by his wife and the following children: Mrs. W. A. Flanagan of Detroit, Mrs. James Elemes of Elyria, Ohio, John, Anna and Billy at home. Also by his aged mother, two brothers and two sisters: James D Connelly and Hugh Connelly, both of Clearfield; Mrs. Michael McGannon of DuBois, and Miss Augusta Connelly, of Clearfield.

Funeral services will be held at St. Francis church Friday at 9 a. m.

HON. EVAN J. JONES WILL NOT APPOINT C. E. ROSEBERRY

Has Requested a New Examination, Be Held So That Full Quota of Eligibles Be Named.

STATES POSITION

New light was shed on the local post office situation today which confirms our opinion given yesterday that another examination will be held.

William I. Swoope, Esq., Congressman elect from this district has received a letter from Congressman E. J. Jones, present incumbent, stating that Mr. C. E. Roseberry was the only eligible candidate rated by the Civil Service authorities and advising Mr. Swoope that in as much as only one man has been rated which the law permits the congressman to name one of the three highest rated he does not care to make the selection.

Apparently the first choice of Mr. Jones did not make the riffle and he is going to call for another run of shad. At least it is plain that Mr. Jones has no intention of naming Mr. Roseberry.

Mr. Jones tells Mr. Swoope that he has called for another examination to be held and no doubt this will be done.

Since Mr. Jones' term of office expires on March 4th, it would be impossible for another examination to be held so that a selection from the three eligibles can be rated so the duty of making the selection will no doubt fall on Mr. Swoope, who, however, is not yet in office and has had nothing to do with the matter up to this time and will not be called upon to exercise his judgment until after March 4th.

THREE MAKE GRADE FOR APPOINTMENT TO DUBOIS OFFICE

Washington, D. C., Feb. 20.—H. L. Wilgus, L. J. Lukehart and A. E. Morrow were today certified as eligible for appointment to the DuBois postoffice as a result of the Civil Service examination held in that city last fall.

The above news will be of particular interest in DuBois, as from the above list will undoubtedly be selected the next postaster for DuBois. It is expected that the appointment will

(Continued on Page Two.)

"DRY" SQUAD CONDUCTS SUCCESSFUL RAIDS IN DUBOIS; MANY VIOLATORS OF DRY LAWS ARE CAUGHT WITH GOODS

Through the activity of County Detective Snyder, Sheriff Thomas Lowell and a couple of state troopers from the Wyoming barracks, a raid was staged in DuBois, beginning Monday night shortly before midnight and continuing until late yesterday afternoon. The troopers included in the party were H. W. Rodney and P. L. Boyer, who have been stationed in this vicinity for some time, securing the evidence that resulted in the arrests made.

Late Monday night Joe Bershestki of No. 1 Shaft was taken into custody charged with manufacturing and selling liquor. At this place a 20-gallon still and four gallons of liquor were taken, and one barrel of mash was destroyed. Bershestki was brought to the city lockup and held for bail.

Fred Kassouf, proprietor of the City Club, was also taken into custody at a late hour Monday night, charged with selling a liquor containing a greater percentage of alcohol than is permitted by law. He immediately furnished bail in the sum of $1,000 and was released. Kassouf conducts the largest poolroom in the city.

Mary Serrian, of 215 Sandy street, was taken into custody yesterday on a charge of selling intoxicating liquor. She was held on bail.

Tries To Bribe Police

Louis Paddie was arrested yesterday charged with selling intoxicating liquor. Paddie, it is claimed, has no particular place at which he dispenses intoxicants, but does a business of "running" Paddie, it seems was not very anxious to face Judge Bell, it being stated that he has been under arrest before. In any event, when Trooper Rodney had landed his man in jail, Paddie offered a bribe of $20 if the policeman would release him. Trooper Rodney immediately preferred a charge of trying to bribe an officer On this charge Paddie was held under $500 bail and Paddie was taken to Clearfield, being unable to furnish the required sum to prevent him from taking the trip over the mountain.

Frank Copora was placed under arrest early Monday morning, charged with selling liquor without a licenses. He was immediately taken from his home to the train and landed in the county jail, being unable to furnish bail.

The raids were staged as a result of investigations that have been made by the state police, who were brought to this section of the country from the Wyoming barracks.

Watson's Declaration a Warning to Republicans

ADMINISTRATION PLAN IS TO CONTROL CONVENTION AND NAME CANDIDATE IF PRES. HARDING DECIDES NOT TO RUN

By LAWRENCE MARTIN
(United Press Staff Correspondent)
(Copyrighted 1923 by United Press)

Washington, Feb. 21 (United Press.)—All aspiring Republicans who have visions of being nominated for President in 1924 have been warned off, publicly and definitely.

They have been given notice that the present leadership of the party—the leadership that controlled the last Republican national convention—expects to control the next one, in the summer of 1924, and expects to consider only one man for the nomination. That one man is President Harding.

This notice was given in the Senate by Senator Watson, Indiana, in his recent prediction that President Harding would be renominated without opposition, and by a united party. And while it was expected that sooner or later, some party leader would make some such statement as Watson made, the political significance of what he said lies in the reasons he gave for notifying all other Republicans to keep their hands off the nomination and give up wishing for it.

"The Republican Party", Watson said, "must stand on the record we have made, the record of his (Harding's) administration, and it is not possible to stand on the record of the administration and yet repudiate the head of the administration."

There, in a sentence, is the plat-

Bradford Township Boy Killed

(Continued From Page One.)

only gone a distance of about 30 feet when the motor man saw his assistant roll off the motor directly in front of it. He stopped the machine but as the body of the machine rides close to the ground, it had run up on him, badly crushing his head, although the wheels did not reach other parts of his body and he was not otherwise injured.

Newell Stewart, was born on a farm near the old Bradford church about a mile north of Woodland. His parents Mr. and Mrs. George Stewart now live at Lock Haven.

He was a World War Veteran, having served with the U. S. Navy during the World War.

The body was taken to Eboch's Undertaking Establishment at Philipsburg and prepared for burial and will probably be taken from there to Lock Haven today with burial at the latter place

Ants Have Homing Instinct

Like bees, ants, when they wander from their nests, have evidently little or no sense of smell to retrace their steps, relying instead upon certain sign posts.

PHILIPSBURG LOSES A GOOD CITIZEN

Philipsburg, recently bereft of some of its very best citizens, has sustained another great loss in the death of Arthur Wareham Marks, which occurred at his home on the corner of South Centre and Hickory streets, at 9:35 o'clock on Monday night, February 19th, 192', the result of complications which recently developed a more serious type and hastened his demise. While his condition the past few days indicated that the end was near, the news of his death was nevertheless a shock to his exceptionally large circle of friends, who are also plunged into the very deepest sorrow through the bereavement. It is doubtful if there was a better known man in this vicinity than "Wary" Marks by which he was more commonly designated. None, we are sure, were held in greater esteem.—Philipsburg Journal

Watson's Declaration

(Continued From Page One.)

form of the next Republican national convention, political observers here predict. The convention, according to the plans of the leaders of the party organization, will be asked to endorse and acclaim what Harding and the Republican congress elected in 1920 have done, and to promise four years more of the same.

Aimed at the Blocs

Watson was ostensibly speaking to the Democrats. In reality, his speech was intended much more for the consumption of his Republican friends in the various groups and blocs which have been growing up, and some of which already have plans for capturing the presidency. There are some Republican progressives who intend to oppose Harding in the next convention in spite of what Watson or any other 'regular' leader may say. There has for months been a well defined movement within the Republican membership of the farm blocs to put up a candidate for president. This does not take into account the radical and labor movement, which is already pledged to nominate La Follette in 1924.

Nor does it include Senator Hiram Johnson, California, once a progressive, but now well within the conservative fold. Johnson is a presidential aspirant. Whether he will go before the next convention depends largely on the events of the next two years—but in any event Watson's statement will not deter Johnson, the latter's friends say.

To Give Harding Control

Watson's speech is accepted hereabouts as the beginning of a definite campaign to insure that Harding will have the next convention in the hollow of his hand, whether he wants the nomination for himself or not. If for any reason he decides he has had enough of presidential worries and cares, he will be able to dictate his successor, if the plans of his friends succeed.

And it is in consideration of that very possibility that Hiram Johnson's friends take considerable pleasure. For, they assert, if Harding steps aside, Johnson would be the logical man to unite the progressive and conservative wings of the party upon a "safe and sane" middle-of-the-road platform, which would defeat the extreme radicals.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

GIVE THE KIDDIES MORE MILK

If you will you'll find that they will thrive to a greater extent than they will on any other food. They will grow into that sort of huskiness that it is your duty to provide for them during the formative stages of their lives. They will develop brain and brawn so that they may have a better start in life and be stronger for the physical strain of school and play.

But be sure that it is pasteurized milk that they get. Then you are secure in knowing that they are protected from all disease germs that ordinarily lurk in milk and you may let them have all they want.

NOTICE

In the Orphans' Court of Clearfield County, Pennsylvania.

In re; Estate of Edward Vail, late of the City of DuBois, Clearfield county, Pennsylvania, a presumed decedent.

Notice is hereby given that a petition has been filed in said court, in said estate, to have Edward Vail declared judicially dead, according to the Act of Assembly in such case made and provided; the said Edward Vail was born in the year 1889 and was a resident of the City of DuBois, and since 1905 the said Edward Vail departed and was reported to have joined the U. S. Navy, and has not been heard from since 1911, having been absent from the place of his last domicile and unheard of for more than seven years. That the court has ordered a hearing to be had on said application before said court on Monday, the 5th day of March, A. D. 1923, at 10.00 o'clock A. M., at which time and place all persons interested may attend and be heard. Said petition is made by John Vail, a brother of said presumed decedent, who would be entitled to receive Letters of Administration on said presumed decedent's estate and would be one of the parties entitled to his estate.

RESOLUTIONS OF RESPECT

With feelings of appreciation for the fraternal fellowship of our brother and past-master, James I. Murray, with sorrow for his death, and with the realization that in the passing of this brother our order has lost a loyal patron, we, the members of Girard Grange, No. 787, P. of H., offer the following resolutions:

Resolved, that while we bow in submission to the will of our Maker, we extend our sympathy to the bereaved family and relatives.

Resolved that we drape our charter for thirty days and that a copy of these resolutions be sent to the bereaved family, and a record of them be made in the minutes of our Grange.

Philosopher's Nickname.

The Patriarch of Ferney was a name given to Voltaire (1694-1778), the French philosopher, of whom Thomas Carlyle said, "Voltaire is the Eighteenth century," because he retired to the village of Ferney, near Geneva, Switzerland, where he produced much of his work.

The Advantages of Matrimony.

"I'm a believer in women getting married. It doesn't matter so much for men but for women it's the correct thing. Does 'em good and improves their characters. Unless they've a man to be unselfish to and coddle a bit they grow selfish themselves."—From the Great Husband Hunt, by Mabel Herbert Urnsby.

Lone and Mysterious.

There is an elderberry bush seven feet high on the tableland of Mesa Verde National park, in Colorado, that has the distinction of being the only one in that country. How it got there and whether the last of the Indian cliff dwellers had anything to do with its growth there is being investigated by scientists.

Florida Nature Student.

From the diary of a butcher bird: "Cleaned up three newly hatched nests; strangled a snake and two frogs; ripped off a wing of a young mocking bird; lunched on three fresh wren eggs after which it was bedtime—and prayers."—Solana Correspondence Punta Gorda Herald.

ODDS AND ENDS AND THINGS

By J. D. C.

Down at Lock Haven the other day some sucker backed a truck up to the boiler house of Trinity M. E. church, pried open the door and made away with over a ton of coal.

* * *

Gross earnings of farm land averaged $19.41 per acre throughout the United States for the harvest of 1922 according to an official study just concluded by the Department of Agriculture.

The study shows an increase of $4.96 per acre, or 34 per cent, over the earning power of 1921, when receipts averaged $14.45 per acre. Compared with 1919, an increase of 2 per cent was revealed. But in comparison with 1919 a decrease was shown. The decrease was 81 per cent. In that year receipts averaged $35.7 an acre, the highest return in the history of agriculture.

The Agriculture Department's study is based on the sale value at the farm gate of ten principal crops. These crops are corn, wheat, oats, barley, rye, buckwheat, potatoes, hay, tobacco and cotton. They constitute 90 per cent of the area of all crops.

The gross earning power or the receipts per acre as computed by the Agriculture Department does not represent profit, it is emphasized. From this return the farmer must pay all of his cost of production, including labor, interest on money invested in land and machinery and other items. The cost of production per acre of the ten principal crops listed above has not been computed by the Agriculture Department.

The farmer's margin of profit is, however, very small, officials believe. Nevertheless, the margin is increasing, it is presumed, since farm labor costs of 1922 were very much lower than for 1921 and 1920. Wages of farm hands were reduced from the high points of the war period during 1920 throughout practically every farm section. Cost of fertilizer has been falling. Makers of farm machinery reduced prices materially during 1921.

Butterflies are breakin' out all over the new dresses reminding people of what birds of a feather do.

A new idea for making rain has been advanced which may be merely a new idea for making money.

COUGH Prescription
Try PISO'S Astonishingly quick relief. A syrup different from all others—pleasant—no upset stomach—no dopiates. 25c and 60c everywhere.

No more **Rheumatism**

"Suffering has gone from your face, mother!"

S. S. S. Is the Great Builder of Red-Blood-Cells and Rheumatism Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I head way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun to joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator, it stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. *makes you feel like yourself again*

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Hundreds of thousands of dollars are lost annually by the fruit growers of Pennsylvania in planting varieties unsuited to their latitude, soil, location and market, says Paul Thayer, extension pomologist, Pennsylvania State College. Much of the loss is due to the planting of novelties and the newer and less-tried varieties. Frequently it is due to the planting of varieties out of their latitude or on soil ill-adapted to the varieties chosen.

Many mistakes could be avoided if the planter, before placing his order, would consult the best growers in his community, especially when the fruit is to be sold at a local or a roadside market, for the local grower is usually familiar with the tastes of the consuming public and can advise in regard to the most popular varieties. In planting for wholesale marketing, where the fruit will compete with that from other states and other parts of the state, the grower who is not sure of his ground would profit by submitting his list of varieties to fruit men at State College before closing his contract for the trees. This is especially true in the case of newer varieties, whose good points are known and emphasized by the nursery salesman, but whose weaknesses are not generally understood.

At the Pennsylvania State College, the men who are making a study of the varieties have an excellent varietal collection with which to work. The observations made in the college orchards are continually supplemented by observations in orchards throughout the state and also by reports from other states.

ROTARY CLUB GETS EXPRESSIONS ON GOOD CITIZENSHIP

Chicago, Feb. 20.—With presidents, prime ministers, chief justices and heads of national legislative bodies throughout the world contributing brief statements of their ideas of the responsibilities of the individual citizen for the kind of government he gets, 90,000 members of Rotary International have launched a world-wide campaign for better understanding of these responsibilities as part of the celebration of the eighteenth anniversary of the founding of the first Rotary Club on February 23.

President Harding, Speaker F. H. Gillett of the House of Representatives and Attorney-General Daugherty have contributed the texts of the citizenship messages which the Rotarians are broadcasting in the United States.

President Harding in his statement outlined the responsibilities of the individual citizen for the execution of the laws and declared that no citizen can consider himself a good citizen who does not do all in his power to make careful selection from among the candidates for office and then vote for the person he has deliberately selected. This, the President remarks parenthetically, several millions of the citizens of the United States regularly fail to do by failing to vote at all.

Speaker Gillett in his statement pleaded also for careful selection of the candidates for legislative office and stated that the quack and the demagogue belong in the same category, in that they arouse sympathy by telling the victim of his real troubles and then offer their own remedy as the only panacea for the trouble.

Attorney - General Daugherty's statement declared that Constitutional government is not possible unless the individual citizen first acquaints himself with and obeys the law himself.

The three basic statements of the principles of citizenship being used in the United States are duplicated in similar measures from the heads of the main branches of government in most of the twenty-odd countries in which Rotary Clubs have been established, Rotary Club officials announced. The Rotarians are carefully eschewing partisan politics, they declare.

The text messages are being used in addresses to schools, industrial plants, civic organizations, etc. They are being broadcasted from thousands of radio stations and will form the subject of talks at every Rotary meeting during the week.

The first Rotary Club was organized in Chicago February 23, 1905. There are now 1,325 such clubs, with a membership of approximately 90,000 in twenty-seven countries.

PERSONAL SERVICE

The old time idea of a bank as a chilly place for all but the wealthy, is a thing of the past.

The modern bank is a place where the ousiness of the modest depositor is welcomed; wheer the officers are easily accessible at all times.

The County National is a modern bank. The officers are always glad to meet the people and to give personal attention to their business.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia). 35c and 65c, jars and tubes.

Better than a mustard plaster

Curwensville's Own Column

Fred McKenzie moved his family and household goods over to Woodland yesterday.

Vincent U. Spencer, by power invested in him by Receiver Walter Welch, assisted by Orville King, is engaged in taking an inventary of the stock in the Vaugh clothing store, preparatory to the selling of the same by the creditors.

Whoever donated the item appearing in the Curwensville letter of Monday evening relative to those who made gifts to the M. E. church last Sunday, was in error in several items. It was not Mrs. Fred Dyer who presented the new set of hymn books. The gift should have been credited to Mr and Mrs. O. C. Norris.

Captain Preston [illegible] township, was in Curwensville with his brother. [illegible] yesterday.

The Cook ice plant will be given a tryout today to ascertain if the machinery is in commission, when order, and no doubt it is as the purchase was of the best material and installed by an expert. Curwensville people can now rest assured of pure ice. The water in the streams from which ice was usually taken has become so filthy and unsanitary that the ice was unfit for domestic use.

The many friends of Calvin Bilger, a prominent Bloom township farmer, will be pleased to learn that he is rapidly recovering from a rather serious and dangerous illness.

Mrs. James C. Wright, who has been in Lewistown for several weeks with her sister, Mrs. Marjorie Irvin, returned home yesterday, reporting that Mrs. Irvin, who is well known in Curwensville, is considerably improved and in a fair way to entire recovery.

Mrs. Carrie Boyer-Reutter, of Clearfield, called on Curwensville relatives and friends yesterday.

William Salmon, a resident of [illegible] visited in Curwensville today.

Jacob Kanar, the man who writes the American Legion news column for the Herald, hied himself up to Bradford yesterday on a pleasure and business journey combined.

Monday evening the Rev. and Mrs. B. H. Conley entertained a group of women who were the guarantors and ticket sellers of the recent Chautauqua. About 20 were present. The evening was given over to games and etc. Light refreshments were served.

You Big Stiff

KNEE—Watch Your Finish

Stiff, swollen, inflamed, rheumatic joints should be treated with a remedy made for just that purpose only.

Remember the name of this new discovery. In Joint-Ease and it will take out the agony, reduce the swelling and limber up any troubled joint after ordinary cure alls have miserably failed. Just rub it on—60c a tube at all druggists—ask for Joint Ease.

RIPPLES HEARD ALONG THE SUSQUEHANNA

Shawville.

Mrs. J. I. Murray was visiting relatives and friends in Clearfield Monday and Tuesday.

Raymond Wilson, a former employee of A. B. Lansberry, was a caller between trains Thursday. He is now holding a responsible position with Rautch & Swartzle.

John Graham of Egypt was transacting business in Clearfield Friday and Saturday.

A N. Y. C. train had three empty coal cars derailed in Dewitt Tunnel [illegible] delaying traffic [illegible] eight hours.

[illegible] services of the late Wi[illegible] Falls were held at Pleasa[illegible] Rev. A. K. Schrier [illegible] Woodland. People from [illegible] to pay their last respects [illegible] Interment in Grassflat cemetery.

John Bell of Bald Hill, evidently [illegible] of the Hunter tragedy, tried [illegible] oil on his furnace for Monday morning. He escaped [illegible] injury but his furnace was badly [illegible] Who will be the next one to try it?

Owing to the extreme cold [illegible] social [illegible] postponed. However we all thank Mr. Howard Kyler for his kindness and generosity in receiving many of his store for our use as a club room. It is here that new ideas are daily created and unseen forces forestalled to meet the supply and demand of a busy community. What interests us most at the present time is the experiment of the army in producing rain by dropping electrified sand through storm clouds from airplanes. As the realization of the fact becomes apparent we can in a season of high prices more than overcome the loss sustained in other years by drought and perhaps increase the acreage.

Attention is called to the horrible fate which befell Willis Hunter, the 15-year-old son of Alex Hunter of Bald Hill last Thursday. The lad was building the kitchen fire using a 5-gallon can of coal oil to hurry his purpose. All at once there was an explosion which covered him with burning oil. Frantically he ran up stairs and called for his parents, who wrapped bed clothes around him to put out the flames. Ok

While this was going on upstairs, fire had rapidly gained control of the kitchen and it was only by quick action and heroic effort of the neighbors that the house was saved from burning to the ground.

Dr. Lewis of Surveyor was called and administered first aid to the injured lad, but he was burned so badly that an effort was made to get him to the Clearfield hospital for further treatment. This was without avail as he died enroute.

Burial at Wallsboro, Pa., former home of the family. We extend our [illegible] sympathy [illegible] bereaved [illegible]

[illegible] and sister, seven in all were reunited [illegible] Kylertown in the [illegible] Mr. and Mrs. Samuel Shaw [illegible] father gave the son the [illegible] They had gone only a short distance until another car was met coming in the opposite direction. The [illegible] judged the narrow road in the darkness [illegible] over a steep embankment [illegible] completely over. The car landed on [illegible] tab of a tree which held it high [illegible] courage to enable all to get out except the [illegible] who was pinned up [illegible] breath was the small baby in her [illegible] and considerable time elapsed before sufficient help arrived to extricate her. Luckily no one was injured. A look at the surroundings next day and the fact became apparent that had they gone six feet further on they might not have escaped so luckily.

Coudley-Frenchville.

Ed Picard, one of the leading farmers of Covington township, was in Clearfield, Wednesday and Thursday.

Father McGovern of St. Mary's parish, Frenchville, was called to Philadelphia last Sunday, on account of the serious illness of his father.

N. F. Mignot of Coudley was transacting business at the county seat last Wednesday.

L. P. Rougeux, Pennsylvania railroad telegraph operator from Driftwood, and his two sons, Paul and Guy, are visiting Mr. Rougeux's father, J. B. Rougeux, at Coudley.

The annual Shrove Tuesday chicken supper and dance, which was held at Frenchville last Tuesday, proved to be one greatly appreciated by all as the hall was crowded to full capacity, and every one had a good time, the terrible condition of the roads seemed to be no handicap to the "Merry Makers" as they all got there in good time.

Owing to the shortage of railroad cars, the Harrington mines at Coudley, are still working about half time.

Karthaus.

W. B. Potter has installed a radio phone with which he expects to explore the upper regions.

Brick works are behind orders and working at full capacity but the mines are only working one or two days a week.

Cataract.

The stork arrived for the eleventh time at the home of T. B. Ditty, this time bringing him a boy.

A girl baby was also left at the home of Homer Stroup.

What will be the largest coal mining project in this section is under way at Spruce, about three miles east of Cataract. A million dollars will be expended by the Blanchard Moshannon Coal Mining Co. in development and making this a model mining town. A hundred or more houses will be built this spring to house a part of the 500 men they expect to employ. They expect to be able to ship coal by the first of July and under full operation can load 60 to 100 railroad cars a day.

Keating.

J. C. Schome visited his wife in the Clearfield hospital this last week.

Try a Progress Job Ad.

Relics of Confederacy.

The cell table used by Jefferson Davis, president of the Confederate States of America, while confined as a prisoner in Fortress Monroe, following the close of the war, is in the collection of interesting relics in the Confederate museum in Richmond.

Motorists Will Approve.

A motorists' paper says: "Our idea of hell is a continual detour through a bad stretch of sand with a good road just the other side of the fence."

Gossip For Tonight's Tea Table

Avery Peters left yesterday for Lock Haven Normal after spending some time with his parents.

Mrs. H. O. Barger, of Woodland, shopped in town Tuesday.

Mrs. Abe Shapiro is visiting her parents in Pittsburgh.

Mrs. Milton McCall of Punsutawney, spent Monday with her cousin Miss Emma Hinkle.

Mrs. Carrie B. Reutter spent the day with relatives and friends in Curwensville.

J. B. Nevling has returned from visiting his daughter Mrs. Clune of Jamaica, L. I.

Thomas R. Martin of Altoona, transacted business in Clearfield.

Mrs. Elmer Kurtz is a delegate from the Junior Womans Club to the Conference of the State Federation of Womans Clubs at Grove City, Pa.

Jack Kurtz left last evening for New York.

Mrs. M. J. Kelly, of Curwensville, shopped in town Tuesday.

Mrs. Francis Brunbeck of Osceola shopped in town yesterday.

A delightful party was held at the home of Miss Dorothy Gaylor on Weaver street in honor of Miss Una Purdon's fifteenth birthday. The evening was spent in dancing and playing games. Lunch was served at a late hour and all departed reporting having a very good time.

CONGRESSMAN SWOOPE SPEAKS AT MT. JEWETT TOMORROW

The Mt. Jewett Herald says:

"The local camp of the Patriotic Sons of America have succeeded in securing Hon. William I. Swoope, Congressman elect from this district, to address the citizens of this community on the evening of Washington's Birthday, Thursday, February 22nd, and everybody is most earnestly invited to be present on this occasion and hear the distinguished speaker. The subject chosen by the speaker will be "Americanization" and those availing themselves of this opportunity of hearing his address will be more than pleased as we are certain that we shall hear a message that will be worth while.

Disease as a Penalty.

"Every disease," says Dr. E. H. Dewey, "is an inherited possibility, which every violation of the laws of life tends to develop. It is never simply an attack on a well person, but rather a summing up of more or less lifelong violations of health laws."

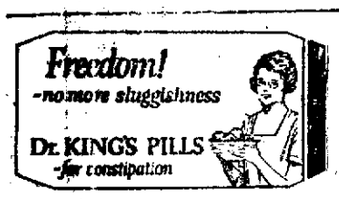
In the newest materials, styles, trimmings and colors.

A. W. Leonardson Co.



Meteorites.

Though there is some uncertainty as to the origin of meteoric stones or meteorites, says the Scientific American, they probably are the minute fragments of the primitive solar nebula that failed to be swept up originally in the formation of the larger members of the system and which finally chanced to be trapped by the earth's atmosphere.

Earth's Original Crust.

The earth's original crust, so far as is known, is in the uplands north of the Gulf of St. Lawrence. These Laurentian rocks are believed to have been the first to emerge from the fires of the past.

Royal Road to Success.

Whatever your occupation in life may be apply yourself to it seriously and diligently. Let it be the subject which dominates your thoughts, because your success will be measured by the interest you take in what you are doing. Intense interest will mean close application and hard work and it is only along that road that success and contentment are to be found.—Exchange.

Boring Metals.

Brass, copper, iron, steel and other metals are easily drilled if you use oil or grease as a lubricant. Do not try to drill too rapidly, and when nearly through the metal go very slowly, as a drill may easily be broken by trying to turn it too rapidly as it pushes itself through the surface.

Cause of the High Average.

The percentage of fools would be greatly reduced if it were not for the men who think they know it all and the men who think they are lady-killers.

Ancient Greeks Took Gymnastics.

In every Greek city was established a gymnasium where crowds of young men exercised themselves naked. This institution was originally intended for those only who were in training for the Olympic games, but afterward it became part of the daily life. The Greeks went to the gymnasium with the same regularity as the Romans went to the bath.—Winwood Reade in "The Martyrdom of Man."

Kill Turkey Buzzard.

The green fly and the turkey buzzard are two of mankind's worst enemies, because they help spread infantile paralysis germs and other malignant forms of disease. The buzzard was in large measure responsible for the spread of rinderpest in South Africa, cholera in India and the epidemic that killed off the water buffalo in the Philippines. The green fly and the turkey buzzard should be killed on sight.—Thrift Magazine.

THWARTING INFLUENZA

You doubtless know that it is a well nourished body that is the strongest factor in thwarting the inroads of influenza or other disease germs.

SCOTT'S EMULSION

should be taken faithfully at the first signs of "catching cold" or tender throat or soreness in chest. The abuadant tonic-nourishing qualities of *Scott's*, is an effectual help in all times of threatened weakness.

SAFETY FIRST—TAKE SCOTT'S EMULSION!

Scott & Bowne, Bloomfield, N. J. 20-3s

Got a cold ? MENTHOLATUM clears it out.

Hair Care

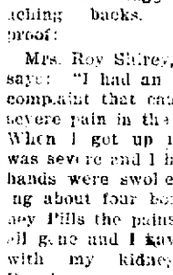
WOMAN SO BLUE SHE CRIED

Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound



Burlington, Iowa.—"I used to dread the time for my monthly period as it came every two weeks and lasted for two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so happy I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me."—Mrs. RALPH GAIL, 2021 Des Moines St., Burlington, Ia.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Gail, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

OH! MY BACK!

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Clearfield proof:

Mrs. Roy Shirey, 128 Clearfield St., says: "I had an attack of kidney complaint that caused me to have a severe pain in the small of my back. When I got up mornings the pain was severe and I had headaches. My hands were swollen, too. After taking about four boxes of Doan's Kidney Pills the pains in my back were all gone and I haven't been troubled with my kidneys since. I think Doan's are a wonderful kidney remedy and I gladly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shirey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Curing That Cough An Easy Matter

The getting rid of that annoying cough is more or less of an easy matter if you will start on a bottle of our Syrup of Cod Livers with pine tar and eucalyptus.

It goes right down to the seat of the cold and you're soon better.

DEMOCRATIC SENATORS PERSIST IN IDLE SPEECHMAKING WHILE SHIPPING NEEDS OF THE NATION ARE NEGLECTED

Administration Refuses to Surrender by Taking Bill Off Floor; Fight To Finish Expected.

Washington, Feb. 21."All deals are off, the fight will go on indefinitely."

With this announcement Senator Jones of Washington today prepared, as the Senate met at 11:00, to continue holding out against the Democratic filibuster against the Administration Ship Subsidy Bill.

Neither President Harding nor any administration leader in the Senate has the slightest intention of surrendering to the filibusters or of withdrawing the bill, Jones declared.

Senator Reed of Missouri resumed the filibuster by continuing his long speech on the plan of buying the West Indies. Senators Moses and Smoot asked him to yield to them so that they could put in reports. Senator Hitchcock, captain of the filibuster crew, said he would object to Reed's yielding.

Fear Turk Assembly Is Going To Force Break With The Allied Powers

Angora, Feb. 21.—Turkish Assembly met in secret today and well informed observers fear the legislators are determined to force an open break with the Allies.

Ismet Pasha, foreign minister, concluded his report to the Council of Commissaries yesterday and was invited to appear today at the secret conference. Mustapha Kemal, his speech less warlike than usual but stressing the freedom of New Turkey, also was present.

Tomorrow the Assembly will debate upon the acceptance or rejection of the Lausanne treaty.

Fighting Breaks Out In Dublin Again; Two Killed; Panic Ensues

Dublin, Feb. 21.—Fighting between Free tSate troops and Insurgents broke out suddenly in Dublin today and raged over a large area for half an hour.

Two rebels were killed and three combatants wounded. Dublin is in a state of panic.

Mrs. Lee Smith of Morrisdale, shopped in town Tuesday.

THAW, BENT, AND BROKEN, FREE TODAY

Philadelphia, Feb. 21.—The great iron gates of the Pennsylvania House for the Insane swung open today and a white haired, stooped shoulder, bent man rode out in an automobile for a "temporary vacation."

It was Harry K. Thaw, slayer of Stanford White and former husband of Evelyn Nesbit. He had been granted temporary liberty for ten days so that he may visit his aged mother in Pittsburg.

Few persons today would recognize the once cane free man in this aged person. His complexion is a sickly yellow-white, almost a prison pallor. His shoulders are bent and he has aged rapidly. He looked nearer seventy years old than his fifty-two years.

Young Attorney Wins First Case He Pleads Before The Jury

John M. Chase, 3rd, we believe the youngest member of the Clearfield bar, made his debut before a Clearfield county jury of twelve men, good and true, and some women too, yesterday afternoon, in assisting in the prosecution of the Forest man named Urbansky on charges of assault and battery. The young attorney welded the points scored in the conduct of the case together so strongly that the jury promptly returned a verdict of guilty and the Court just as promptly sentenced the convicted man to pay the costs in the case and put him on probation in order that his future conduct might be under bounds. The defense had scored heavily in this case and Mr. Chase is being congratulated on his victory. Mr Chase is connected with the law offices of A M. Liveright.

Edgar Butler left for Bucknell College Tuesday after spending some time with his parents.

TAX QUESTION IS "UP IN THE AIR" SAYS MR. WONER

Harrisburg, Feb. 21.— The question of what, if any, emergency taxation may be necessary will not be decided until after the Governor's budget and reorganization plan has been acted upon by the Legislature, Chairman Geo. I. Woner of the Ways and Means Committee announced today.

"The whole tax question is up in the air at the present time," Chairman Woner said "We cannot proceed upon a definite course until we hear from the Appropriations Committee and the Governor upon his reorganization plan."

ROUNDUP OF NEW YORK AND JERSEY COUNTERFEITERS

New York, Feb. 21.—Scores of Federal agents today are rounding up counterfeiters in New York and New Jersey.

Twenty-four persons have been arrested in Manhattan and Brooklyn, it was reported at Customs House, where the prisoners are being herded in a big room. Approximately one hundred fifty members of counterfeiting rings have been marked for arrest. It is not known how many have been taken. Raid was made on "money factory" by a gang in Brooklyn during the night and a rough and tumble fight resulted.

Another money factory was raided and counterfeiting currency totalling one hundred thousand dollars in bills of ten and twenty dollar denominations was confiscated. The imitation bank notes were very crude and could easily be distinguished as counterfeit.

"TUT" WILL REST IN PEACE THIS SUMMER

Luxor, Feb. 21.—Pharaoh Tutankh-amen is to sleep through another sultry summer beneath the brick-red cliff of the Valley of Kings.

Visitors, royal, distinguished, noted, mainly curious, that have come to Luxor to be near the scene of the most famous excavation of centuries are departing. Others will come to take their places but the tomb of Tutankh-amen will shortly be sealed and work discontinued until autumn on account of the hot weather.

Mrs. Annie Long and daughter Jennette of Philipsburg, shopped in town Tuesday.

WOULD REQUIRE ALL MINERS TO CARRY CERTIFICATES

Bill Introduced in House Would Put Soft Coal Men Under Ruling Similar to Hard Coal.

USELESS NONSENSE

Harrisburg, Pa., Feb. 20.—Workers in the bituminous fields of the state would be required to have certificates obtained after satisfactorily passing an examination before a state board before they could work as miners under the provisions of a bill introduced in the House tonight by Representative James T. Heffran, Washington county.

Mr. Heffran explained that the measure is drawn similar to the Illinois law, and in some respects is like the present anthracite certification act, but better in his opinion. The bill provides for the formation of an examining board of nine miners in each of the bituminous district to be named by the governor, and each to have at least five years experience. The board is to be permitted to divide into sub committees of three, and to receive $7.50 a day for services, with one meeting a month allowed, not to exceed three consecutive days. The pay is to be derived from the funds received from applicants for certificates, each one of whom would be required to pay $2.00. To obtain a certificate a worker in the district under the bill's provisions must have had at least two years experience as a mine laborer or with a miner and must answer twelve pratical questions intelligently and in the English language A penalty clause is included to apply to employers prosecuted for employment of miners without proper certificates. A miner with a certificate going into another district only would be required to register it before going to work.

VOTED DOWN FIFTY CENT INCREASE IN HUNTER'S LICENSE

Harrisburg, Feb. 20.—The House committee on games today took up the proposed revised game code but debate resulted in consideration of only 2 of the 125 sections. The proposed increase in registered hunters' license from $1.00 to $1.50 resulted in a vote to strike out the increase and later members who voted against the increase asked that definite action be deferred. The clause in the code to permit game protectors to point a gun at any one was amended to permit them to point a gun at persons only in self defense.

RUMBLINGS FROM THE RUHR

Paris, Feb. 21.—Stricter measures to be imposed in the Ruhr, including establishment of special money for the Rhineland were discussed by Premiers Poincare and Thieruis today.

Belgium and France will co-operate in the manufacture and sale of confiscated Ruhr products, it is understood.

Reports from the Ruhr announce increased disorder. Essen is without police and a paralyzing general strike ties up things in Dusselldorf. The German minister of commerce easily defied the Allies' order and entered the occupied territory to strengthen the resistance against the invaders.

Bavarians in the Ruhr Valley have threatened to cut off the hair of German girls who fraternize with French troopers.

Amsterdam, Feb. 21.—Communists in the Ruhr are forming military organizations. A strong force has already been raised at the Krupp works according to dispatches received today.

Mrs Clara DeBeck of Ogden avenue received word that her granddaughter Miss Georgianna Hewitt, died at the New Haven Hospital, New Haven, Conn. Body will arrive this evening and will be taken to the hoe of her grandmother, where funeral services will be held.

"THE SPRING MAID" WILL HOLD COURT AT THE DRIGGS THEATRE THIS EVENING

Cast Includes Most Able and Talented Amateur Actors and Musicians In The City Of Clearfield.

GIVEN TONIGHT ONLY

When Dr. F. D. Leipold lifts his baton for the opening overture of "The Spring Maid," being produced by the Clearfield Music Club under the direction of Chas. Sinclair, it will be the signal for the beginning of one of the most lavishly staged, most gorgeously costumed, most thoroughly prepared home talent productions that has ever been offered to Clearfield play-goers.

For weeks past the cast has been working on their respective parts and during the past week have been working intensively under the direction of Mr. Charles Sinclair, late of the Shuberts of New York.

The scenery arrived on Monday and it goes without saying that "The Spring Maid" will be the most elaborately staged home talent production ever attempted by local talent.

Last night's dress rehearsal showed every member right earnest in the working out of their part and every member has caught the spirit of the composer of "The Spring Maid" in fine shape.

The cast follows:

Princess Bozena .. Della A. Gallaher
Prince Nepomuk .... S. Keith Davis
Prince Aladar ... Victor K. Meredith
Annamirl ..... Margaret Betts
Baron Rudi ..... William Boag
Roland ..... Kenneth Thorn
Ursula ..... Rebecca Adams Stauffer
Spaetling ..... J. W. Cleary
Evakatl ..... Marion Roseberry
Col. Boone ..... Emmett Hardet
Mr. Lamax ..... Carl Mann
Mr. Skinner ..... Samuel Powell

The visitors are attended by the Spring Girls:

Gretel .. .. Eileen Smith
Hanni ..... Margaret Wilson
Josie ..... Clara Howard
Barbara ..... Madeline Porter
Fritzi ..... Elizabeth Bair
Sophie ..... Celestia Bonner
Elsie ..... Naida McDowell
Bertie ..... Maud Graham

Who are admired and courted by the Officers:

Toni ..... W. E. Muntz
Niki ..... Gordon Herrington
Franz ..... Richard Davies
Fritz ..... Frank Witherow
Leo ..... Wynn Quigley
Louis ..... Norman Watson
Vladimir ..... Theo. Jordan
Eugene ..... Frank Ditmar

Visitors at Carlsbad, Tradesmen, Attendants, Flower Girls, Wood Nymphs and Peasants.

The action covers three days during the festival at Carlsbad Springs.

Act. I. A Fountain Square, Carlsbad.

Act II. The Bee-Farm at Dornbrunnen, near Carlsband, the following afternoon.

Act III. The annual Al Fresco Fete, at Carlsbad.

A divertissement depicting the legend of the discovery of Carlsbad Springs.

"KING" OF THE "HOUSE OF DAVID" A DEFENDANT

Pawpaw, Mich., Feb. 2 0.—An order denying motion for dismissal of two actions brought against "King" Benjamine Purnell, of the House of David, was on file here today.

The plaintiffs, Ruth Bamford Reed, 17 and Gladys Bamford Rubel, 19 sisters, ask $800,000 damages for alleged improper treatment by "King" Benjamin.

"The King can do no wrong," they allege they were taught while members of the cult at Benton Harbor and so they submitted to the alleged abuses of Purnell.

Denial of the motion means that, unless Purnell finds some means of preventing execution of the suit, he must appear in Court.

Butte, Mont., Feb. 21.—Earth tremors of sufficient violence to break windows was reported in dispatches reaching here from towns in northern Montana.

The shock occurred late yesterday and was reported particularly heavy in Lombard, Townsend and Winston on the Helena line of the Northern Pacific north of Logan, Montana.

Mr. and Mrs. Charles E. Patton, of West Chester, were Clearfield visitors yesterday.

BRADFORD TWP. BOY KILLED IN MINE ACCIDENT

Newell Stewart, aged about 24 years and single, employed as Trip rider at the H. & W. Ref. Co., Coal Mine at Retort, was instantly killed yesterday forenoon about 11:45 when he fell from the six ton electric haulage motor directly in front of it and before the motor man could get it stopped it had badly crushed his head, from the effects of which he died before he could be taken out from under the huge machine.

Stewart and the motor man with the motor empty had come out of the mine to get some jacks, with which to rerail the other motor which was off the track in the mine. The jacks were loaded on the motor to be taken into the mine and Stewart also got on the motor on the front end and they started into the mine and had

(Continued on Page Two)

J. Frank Connelly, Life Long Resident, Died This Morning

J. Frank Connelly died at his home on upper Cherry street shortly before noon today after a hard battle against the inroads of a disease which attacked him a couple of years go. Mr. Connelly became ill two years ago but his rugged constitution and optimistic nature carried him through a severe attack at that time and he was able to return to his daily labors and again partake of the joy of living among his loved ones and his associates in industry. About three months ago he was again forced to leave his post of duty as superintendent for the Harbison-Walker Company and the decline in his condition was rapid.

J. Frank Connelly was the kind of man that it was good to know. Of a jovial, sunshiny disposition, he always looked on the bright side of life and his quick wit and sociable nature endeared him to a host of friends in all walks of life. He was eminently successful as a leader of men in industry and those who were brought in contact with him through the relations of employer and employee had the greatest respect for him.

He is survived by his wife and the following children: Mrs. W. A. Flanagan of Detroit, Mrs. James Elemes of Elyria, Ohio, John, Anna and Billy at home. Also by his aged mother, two brothers and two sisters: James D Connelly and Hugh Connelly, both of Clearfield; Mrs. Michael McGannon of DuBois, and Miss Augusta Connelly, of Clearfield.

Funeral services will be held at St. Francis church Friday at 9 a. m.

HON. EVAN J. JONES WILL NOT APPOINT C. E. ROSEBERRY

Has Requested a New Examination, Be Held So That Full Quota of Eligibles Be Named.

STATES POSITION

New light was shed on the local post office situation today which confirms our opinion given yesterday that another examination will be held.

William I. Swoope, Esq., Congressman elect from this district has received a letter from Congressman E. J. Jones, present incumbent, stating that Mr. C. E. Roseberry was the only eligible candidate rated by the Civil Service authorities and advising Mr. Swoope that in as much as only one man has been rated which the law permits the congressman to name one of the three highest rated he does not care to make the selection.

Apparently the first choice of Mr. Jones did not make the riffle and he is going to call for another run of shad. At least it is plain that Mr. Jones has no intention of naming Mr. Roseberry.

Mr. Jones tells Mr. Swoope that he has called for another examination to be held and no doubt this will be done.

Since Mr. Jones' term of office expires on March 4th, it would be impossible for another examination to be held so that a selection from the three eligibles can be rated so the duty of making the selection will no doubt fall on Mr. Swoope, who, however, is not yet in office and has had nothing to do with the matter up to this time and will not be called upon to exercise his judgment until after March 4th.

THREE MAKE GRADE FOR APPOINTMENT TO DUBOIS OFFICE

Washington, D. C., Feb. 20.—H. L. Wilgus, L. J. Lukehart and A. E. Morrow were today certified as eligible for appointment to the DuBois postoffice as a result of the Civil Service examination held in that city last fall.

The above news will be of particular interest in DuBois, as from the above list will undoubtedly be selected the next postaster for DuBois. It is expected that the appointment will

(Continued on Page Two.)

"DRY" SQUAD CONDUCTS SUCCESSFUL RAIDS IN DUBOIS; MANY VIOLATORS OF DRY LAWS ARE CAUGHT WITH GOODS

Through the activity of County Detective Snyder, Sheriff Thomas Lowell and a couple of state troopers from the Wyoming barracks, a raid was staged in DuBois, beginning Monday night shortly before midnight and continuing until late yesterday afternoon. The troopers included in the party were H. W. Rodney and P. L. Boyer, who have been stationed in this vicinity for some time, securing the evidence that resulted in the arrests made.

Late Monday night Joe Bershestki of No. 1 Shaft was taken into custody charged with manufacturing and selling liquor. At this place a 20-gallon still and four gallons of liquor were taken, and one barrel of mash was destroyed. Bershestki was brought to the city lockup and held for bail.

Fred Kassouf, proprietor of the City Club, was also taken into custody at a late hour Monday night, charged with selling a liquor containing a greater percentage of alcohol than is permitted by law. He immediately furnished bail in the sum of $1,000 and was released. Kassouf conducts the largest poolroom in the city.

Mary Serrian, of 215 Sandy street, was taken into custody yesterday on a charge of selling intoxicating liquor. She was held on bail.

Tries To Bribe Police

Louis Paddie was arrested yesterday charged with selling intoxicating liquor. Paddie, it is claimed, has no particular place at which he dispenses intoxicants, but does a business of "running" Paddie, it seems was not very anxious to face Judge Bell, it being stated that he has been under arrest before. In any event, when Trooper Rodney had landed his man in jail, Paddie offered a bribe of $20 if the policeman would release him. Trooper Rodney immediately preferred a charge of trying to bribe an officer On this charge Paddie was held under $500 bail and Paddie was taken to Clearfield, being unable to furnish the required sum to prevent him from taking the trip over the mountain.

Frank Copora was placed under arrest early Monday morning, charged with selling liquor without a licenses. He was immediately taken from his home to the train and landed in the county jail, being unable to furnish bail.

The raids were staged as a result of investigations that have been made by the state police, who were brought to this section of the country from the Wyoming barracks.

Watson's Declaration a Warning to Republicans

ADMINISTRATION PLAN IS TO CONTROL CONVENTION AND NAME CANDIDATE IF PRES. HARDING DECIDES NOT TO RUN

By LAWRENCE MARTIN
(United Press Staff Correspondent)
(Copyrighted 1923 by United Press)

Washington, Feb. 21 (United Press.)—All aspiring Republicans who have visions of being nominated for President in 1924 have been warned off, publicly and definitely.

They have been given notice that the present leadership of the party—the leadership that controlled the last Republican national convention—expects to control the next one, in the summer of 1924, and expects to consider only one man for the nomination. That one man is President Harding.

This notice was given in the Senate by Senator Watson, Indiana, in his recent prediction that President Harding would be renominated without opposition, and by a united party. And while it was expected that sooner or later, some party leader would make some such statement as Watson made, the political significance of what he said lies in the reasons he gave for notifying all other Republicans to keep their hands off the nomination and give up wishing for it.

"The Republican Party", Watson said, "must stand on the record we have made, the record of his (Harding's) administration, and it is not possible to stand on the record of the administration and yet repudiate the head of the administration."

There, in a sentence, is the plat-

Bradford Township Boy Killed

(Continued From Page One.)

only gone a distance of about 30 feet when the motor man saw his assistant roll off the motor directly in front of it. He stopped the machine but as the body of the machine rides close to the ground, it had run up on him, badly crushing his head, although the wheels did not reach other parts of his body and he was not otherwise injured.

Newell Stewart, was born on a farm near the old Bradford church about a mile north of Woodland. His parents Mr. and Mrs. George Stewart now live at Lock Haven.

He was a World War Veteran, having served with the U. S. Navy during the World War.

The body was taken to Eboch's Undertaking Establishment at Philipsburg and prepared for burial and will probably be taken from there to Lock Haven today with burial at the latter place

Ants Have Homing Instinct

Like bees, ants, when they wander from their nests, have evidently little or no sense of smell to retrace their steps, relying instead upon certain sign posts.

PHILIPSBURG LOSES A GOOD CITIZEN

Philipsburg, recently bereft of some of its very best citizens, has sustained another great loss in the death of Arthur Wareham Marks, which occurred at his home on the corner of South Centre and Hickory streets, at 9:35 o'clock on Monday night, February 19th, 192', the result of complications which recently developed a more serious type and hastened his demise. While his condition the past few days indicated that the end was near, the news of his death was nevertheless a shock to his exceptionally large circle of friends, who are also plunged into the very deepest sorrow through the bereavement. It is doubtful if there was a better known man in this vicinity than "Wary" Marks by which he was more commonly designated. None, we are sure, were held in greater esteem.—Philipsburg Journal

Watson's Declaration

(Continued From Page One.)

form of the next Republican national convention, political observers here predict. The convention, according to the plans of the leaders of the party organization, will be asked to endorse and acclaim what Harding and the Republican congress elected in 1920 have done, and to promise four years more of the same.

Aimed at the Blocs

Watson was ostensibly speaking to the Democrats. In reality, his speech was intended much more for the consumption of his Republican friends in the various groups and blocs which have been growing up, and some of which already have plans for capturing the presidency. There are some Republican progressives who intend to oppose Harding in the next convention in spite of what Watson or any other 'regular' leader may say. There has for months been a well defined movement within the Republican membership of the farm blocs to put up a candidate for president. This does not take into account the radical and labor movement, which is already pledged to nominate La Follette in 1924.

Nor does it include Senator Hiram Johnson, California, once a progressive, but now well within the conservative fold. Johnson is a presidential aspirant. Whether he will go before the next convention depends largely on the events of the next two years—but in any event Watson's statement will not deter Johnson, the latter's friends say.

To Give Harding Control

Watson's speech is accepted hereabouts as the beginning of a definite campaign to insure that Harding will have the next convention in the hollow of his hand, whether he wants the nomination for himself or not. If for any reason he decides he has had enough of presidential worries and cares, he will be able to dictate his successor, if the plans of his friends succeed.

And it is in consideration of that very possibility that Hiram Johnson's friends take considerable pleasure. For, they assert, if Harding steps aside, Johnson would be the logical man to unite the progressive and conservative wings of the party upon a "safe and sane" middle-of-the-road platform, which would defeat the extreme radicals.

ODDS AND ENDS AND THINGS

By J. D. C.

Down at Lock Haven the other day some sucker backed a truck up to the boiler house of Trinity M. E. church, pried open the door and made away with over a ton of coal.

* * *

Gross earnings of farm land averaged $19.41 per acre throughout the United States for the harvest of 1922 according to an official study just concluded by the Department of Agriculture.

The study shows an increase of $4.96 per acre, or 34 per cent, over the earning power of 1921, when receipts averaged $14.45 per acre. Compared with 1919, an increase of 2 per cent was revealed. But in comparison with 1919 a decrease was shown. The decrease was 81 per cent. In that year receipts averaged $35.7 an acre, the highest return in the history of agriculture.

The Agriculture Department's study is based on the sale value at the farm gate of ten principal crops. These crops are corn, wheat, oats, barley, rye, buckwheat, potatoes, hay, tobacco and cotton. They constitute 90 per cent of the area of all crops.

The gross earning power or the receipts per acre as computed by the Agriculture Department does not represent profit, it is emphasized. From this return the farmer must pay all of his cost of production, including labor, interest on money invested in land and machinery and other items. The cost of production per acre of the ten principal crops listed above has not been computed by the Agriculture Department.

The farmer's margin of profit is, however, very small, officials believe. Nevertheless, the margin is increasing, it is presumed, since farm labor costs of 1922 were very much lower than for 1921 and 1920. Wages of farm hands were reduced from the high points of the war period during 1920 throughout practically every farm section. Cost of fertilizer has been falling. Makers of farm machinery reduced prices materially during 1921.

Butterflies are breakin' out all over the new dresses reminding people of what birds of a feather do.

A new idea for making rain has been advanced which may be merely a new idea for making money.

No more **Rheumatism**

"Suffering has gone from your face, mother!"

S. S. S. Is the Great Builder of Red-Blood-Cells and Rheumatism Must Go! Just Try It!

"Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I head way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun to joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator, it stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all drug stores in two sizes. The larger size bottle is the more economical.

S.S.S. *makes you feel like yourself again*

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

HELPS SAFEGUARD HEALTH AND BRINGS IMMEDIATE COMFORT INTO YOUR HOME

Your heating system directly influences the health, comfort, well-being, and happiness of those near and dear to you more than any other single factor. Is there a single sound reason why it would be not only good business judgment but complimenting your real manhood and womanhood to correct the personal problem once and for all—and do so immediately? We are putting forth every effort to make the possession of one of these simple and attractive to you. Can there possibly be any profit in recognizing the facts and failing to respond immediately? Then plan to do so, quite without obligation whatsoever.

ROUND OAK
Pipeless Heeting System

See Us This Week—Tomorrow, If Possible

Experience has made clear to each and every one of us that the best time to investigate a desirable proposition is always "NOW." When you are persuaded in your mind that we have laid before you truthfully worded, sound, logical reasons for looking into this matter immediately; that the responsibility of the manufacturer as well as this organization fully qualifies, you will want to make this investigation tomorrow, won't you? Thoughtful inquiry and personal inspection promise fulfillment of legitimate desires.

Responsibilities of more than Three Million Dollars Recommend

Protects the Family

Brings Comfort and Safeguards Health of Those Near and Dear

If it were not for the wife and little ones, the neighbors and friends who would pay tribute to your kindness and generosity in their visits to your home, you may be sure that this invitation to call would not have been so urgently extended. Let us, counsel you, for their sakes as well as your own, to attend to this matter promptly. Why not make a definite engagement with yourself right now—phone us the hour convenient to you, and we will thank you in advance for the opportunity of laying before you the evidence entire.

Hundreds of thousands of dollars are lost annually by the fruit growers of Pennsylvania in planting varieties unsuited to their latitude, soil, location and market, says Paul Thayer, extension pomologist, Pennsylvania State College. Much of the loss is due to the planting of novelties and the newer and less-tried varieties. Frequently it is due to the planting of varieties out of their latitude or on soil ill-adapted to the varieties chosen.

Many mistakes could be avoided if the planter, before placing his order, would consult the best growers in his community, especially when the fruit is to be sold at a local or a roadside market, for the local grower is usually familiar with the tastes of the consuming public and can advise in regard to the most popular varieties. In planting for wholesale marketing, where the fruit will compete with that from other states and other parts of the state, the grower who is not sure of his ground would profit by submitting his list of varieties to fruit men at State College before closing his contract for the trees. This is especially true in the case of newer varieties, whose good points are known and emphasized by the nursery salesman, but whose weaknesses are not generally understood.

At the Pennsylvania State College, the men who are making a study of the varieties have an excellent varietal collection with which to work. The observations made in the college orchards are continually supplemented by observations in orchards throughout the state and also by reports from other states.

ROTARY CLUB GETS EXPRESSIONS ON GOOD CITIZENSHIP

Chicago, Feb. 20.—With presidents, prime ministers, chief justices and heads of national legislative bodies throughout the world contributing brief statements of their ideas of the responsibilities of the individual citizen for the kind of government he gets, 90,000 members of Rotary International have launched a world-wide campaign for better understanding of these responsibilities as part of the celebration of the eighteenth anniversary of the founding of the first Rotary Club on February 23.

President Harding, Speaker F. H. Gillett of the House of Representatives and Attorney-General Daugherty have contributed the texts of the citizenship messages which the Rotarians are broadcasting in the United States.

President Harding in his statement outlined the responsibilities of the individual citizen for the execution of the laws and declared that no citizen can consider himself a good citizen who does not do all in his power to make careful selection from among the candidates for office and then vote for the person he has deliberately selected. This, the President remarks parenthetically, several millions of the citizens of the United States regularly fail to do by failing to vote at all.

Speaker Gillett in his statement pleaded also for careful selection of the candidates for legislative office and stated that the quack and the demagogue belong in the same category, in that they arouse sympathy by telling the victim of his real troubles and then offer their own remedy as the only panacea for the trouble.

Attorney - General Daugherty's statement declared that Constitutional government is not possible unless the individual citizen first acquaints himself with and obeys the law himself.

The three basic statements of the principles of citizenship being used in the United States are duplicated in similar measures from the heads of the main branches of government in most of the twenty-odd countries in which Rotary Clubs have been established, Rotary Club officials announced. The Rotarians are carefully eschewing partisan politics, they declare.

The text messages are being used in addresses to schools, industrial plants, civic organizations, etc. They are being broadcasted from thousands of radio stations and will form the subject of talks at every Rotary meeting during the week.

The first Rotary Club was organized in Chicago February 23, 1905. There are now 1,325 such clubs, with a membership of approximately 90,000 in twenty-seven countries.

PERSONAL SERVICE

The old time idea of a bank as a chilly place for all but the wealthy, is a thing of the past.

The modern bank is a place where the business of the modest depositor is welcomed; wheer the officers are easily accessible at all times.

The County National is a modern bank. The officers are always glad to meet the people and to give personal attention to their business.

Ouch! Lumbago Pain! Rub Backache Away

Instant Relief - with a small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.

Aspirin

Say "Bayer" and Insist!

BAYER

Genuine

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product prscribed by physicians over twenty two years and proved safe by millions for

Colds	Headache

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia). 35c and 65c, jars and tubes.

Better than a mustard plaster

NEWSPAPERARCHIVE®

Curwensville's Own Column

Fred McKenzie moved his family and household goods over to Woodland yesterday.

Vincent U. Spencer, by power invested in him by Receiver Walter Welch, assisted by Orville King, is engaged in taking an inventary of the stock in the Vaugh clothing store, preparatory to the selling of the same by the creditors.

Whoever donated the item appearing in the Curwensville letter of Monday evening relative to those who made gifts to the M. E. church last Sunday, was in error in several statements. It was not Mrs. Fred Dyer who presented the new set of hymn books. The gift should have been credited to Mr. and Mrs. O. C. Norris.

Captain Preston Hall, of Bloom township, was in Curwensville with his brother, Prof. John Hall, yesterday.

The Cook ice plant will be given a tryout today to ascertain if the new machinery is in complete working order, and no doubt it is as the purchase was of the best material and installed by an expert. Curwensville people can now rest assured of pure ice. The water in the streams from which ice was usually taken has become so filthy and unsanitary that the ice was unfit for domestic use.

The many friends of Calvin Bilger, a prominent Bloom township farmer, will be pleased to learn that he is rapidly recovering from a rather serious and dangerous illness.

Mrs. James C. Wright, who has been in Lewistown for several weeks with her sister, Mrs. Marjorie Irvin, returned home yesterday, reporting that Mrs. Irvin, who is well known in Curwensville, is considerably improved and in a fair way to entire recovery.

Mrs. Carrie Boyer-Reutter, of Clearfield, called on Curwensville relatives and friends yesterday.

William Salmon, a resident of [illegible] township, visited in Curwensville today.

Jacob Kanzar, the man who writes the American Legion news column for the Herald, hied himself up to Bradford yesterday on a pleasure and business journey combined.

Monday evening the Rev. and Mrs. B. H. Conley entertained a group of women who were the guarantors and ticket sellers of the recent Chautauqua. About 20 were present. The evening was given over to games and etc. Light refreshments were served.

You Big Stiff

KNEE—Watch Your Finish

Stiff, swollen, inflamed, rheumatic joints should be treated with a remedy made for just that purpose only.

Remember the name of this new discovery, Joint-Ease and it will take out the agony, reduce the swelling and limber up any troubled joint after ordinary cure alls have miserably failed. Just rub it on—60c a tube at all druggists—ask for Joint Ease.

RIPPLES HEARD ALONG THE SUSQUEHANNA

Shawville.

Mrs. J. I. Murray was visiting relatives and friends in Clearfield Monday and Tuesday.

Raymond Wilson, a former employee of A. B. Lansberry, was a caller between trains Thursday. He is now holding a responsible position with Rautch & Swartzle.

John Graham of Egypt was transacting business in Clearfield Friday and Saturday.

A N. Y. C. train had three empty coal cars derailed in Dear Tunnel Thursday evening delaying traffic [illegible] eight hours.

Funeral services of the late William P. Falls were held at Pleasant View Thursday, Rev. A. N. Salvidge officiating, assisted by Rev. [illegible] of Westland. People from [illegible] section journeyed there to pay their last respects to their old time friend. Interment in Bradford cemetery.

John Bell of Bald Hill, evidently not heeding of the Hunter tragedy, tried the coal oil can on his furnace fire Monday morning. He escaped serious injury but his furnace was badly shot up. Who will be the next one to try it?

On account of the extreme cold weather social activities are suspended. However, we all thank Mr. Merril Kyler for his kindness and generosity in reserving part of his store for our use as a club room. It is here that new ideas are daily created and unseen forces forestalled to meet the supply and demand of a busy community. What interests us most at the present time is the experiments of the army in producing rain by dropping electrified sand through storm clouds from airplanes. As the realization of the fact becomes apparent we can in a season of high prices more than overcome the loss sustained in other years by drought and perhaps increase the acreage.

Attention is called to the horrible fate which befell Willis Hunter, the 15-year-old son of Alex Hunter of Bald Hill last Thursday. The lad was building the kitchen fire using a 5-gallon can of coal oil to hurry his purpose. All at once there was an explosion which covered him with burning oil. Frantically he ran up stairs and called for his parents, who wrapped bed clothes around him to put out the flames. Ok

While this was going on upstairs, fire had rapidly gained control of the kitchen and it was only by quick action and heroic effort of the neighbors that the house was saved from burning to the ground.

Dr. Lewis of Surveyor was called and administered first aid to the injured lad, but he was burned so badly that an effort was made to get him to the Clearfield hospital for further treatment. This was without avail as he died enroute.

Burial at Wellsboro, Pa., former home of the family. We extend our heartfelt sympathy to the family in their hour of distress.

On a Sunday evening last Fall this same lad with his parents and brothers and sisters, seven in all, were returning home from Kylertown in their Hudson car. As they neared Shawville the father gave the son the wheel. They had gone only a short distance until another car was met coming in the opposite direction The lad evidently misjudged the narrow road in the darkness as the car went over a steep embankment, turning completely over. The car landed on the stub of a tree which held it high enough to enable all to get out except the mother who was pinned underneath with a small baby in her arms and considerable time elapsed before sufficient help arrived to extricate her. Luckily no one was injured. A look at the surroundings next day and the fact became apparent that had they gone six feet further on they might not have escaped so luckily.

Coudley-Frenchville.

Ed Picard, one of the leading farmers of Covington township, was in Clearfield, Wednesday and Thursday.

Father McGovern of St. Mary's parish, Frenchville, was called to Philadelphia last Sunday, on account of the serious illness of his father.

N. F. Mignot of Coudley was transacting business at the county seat last Wednesday.

L. P. Rougeux, Pennsylvania railroad telegraph operator from Driftwood, and his two sons, Paul and Guy, are visiting Mr. Rougeux's father, J. B. Rougeux, at Coudley.

The annual Shrove Tuesday chicken supper and dance, which was held at Frenchville last Tuesday, proved to be one greatly appreciated by all as the hall was crowded to full capacity, and every one had a good time, the terrible condition of the roads seemed to be no handicap to the "Merry Makers" as they all got there in good time

Owing to the shortage of railroad cars, the Harrington mines at Coudley, are still working about half time.

Karthaus.

W. B. Potter has installed a radio phone with which he expects to explore the upper regions.

Brick works are behind orders and working at full capacity but the mines are only working one or two days a week.

Cataract.

The stork arrived for the eleventh time at the home of T. B. Ditty, this time bringing him a boy.

A girl baby was also left at the home of Homer Stroup.

What will be the largest coal mining project in this section is under way at Spruce, about three miles east of Cataract. A million dollars will be expended by the Blanchard Moshannon Coal Mining Co. in development and making this a model mining town. A hundred or more houses will be built this spring to house a part of the 500 men they expect to employ. They expect to be able to ship coal by the first of July and under full operation can load 60 to 100 railroad cars a day.

Keating.

J. C. Schome visited his wife in the Clearfield hospital this last week.

Try a Progress Job Ad.

Relics of Confederacy.

The cell table used by Jefferson Davis, president of the Confederate States of America, while confined as a prisoner in Fortress Monroe, following the close of the war, is in the collection of interesting relics in the Confederate museum in Richmond.

Motorists Will Approve.

A motorists' paper says: "Our idea of hell is a continual detour through a bad stretch of sand with a good road just the other side of the fence."

Gossip For Tonight's Tea Table

Avery Peters left yesterday for Lock Haven Normal after spending some time with his parents.

Mrs. H. O. Barger, of Woodland, shopped in town Tuesday.

Mrs. Abe Shapiro is visiting her parents in Pittsburgh.

Mrs. Milton McCall of Punsutawney, spent Monday with her cousin Miss Emma Hinkle.

Mrs. Carrie B. Reutter spent the day with relatives and friends in Curwensville.

J. B. Nevling has returned from visiting his daughter Mrs. Clune of Jamaica, L. I.

Thomas R. Martin of Altoona, transacted business in Clearfield.

Mrs. Elmer Kurtz is a delegate from the Junior Womans Club to the Conference of the State Federation of Womans Clubs at Grove City, Pa.

Jack Kurtz left last evening for New York.

Mrs. M. J. Kelly, of Curwensville, shopped in town Tuesday.

Mrs. Francis Brunbeck of Osceola shopped in town yesterday.

A delightful party was held at the home of Miss Dorothy Gaylor on Weaver street in honor of Miss Una Purdon's fifteenth birthday. The evening was spent in dancing and playing games. Lunch was served at a late hour and all departed reporting having a very good time.

CONGRESSMAN SWOOPE SPEAKS AT MT. JEWETT TOMORROW

The Mt. Jewett Herald says:

"The local camp of the Patriotic Sons of America have succeeded in securing Hon. William I. Swoope, Congressman elect from this district, to address the citizens of this community on the evening of Washington's Birthday, Thursday, February 22nd, and everybody is most earnestly invited to be present on this occasion and hear the distinguished speaker. The subject chosen by the speaker will be "Americanization" and those availing themselves of this opportunity of hearing his address will be more than pleased as we are certain that we shall hear a message that will be worth while.

Disease as a Penalty.

"Every disease," says Dr. E. H. Dewey, "is an inherited possibility, which every violation of the laws of life tends to develop. It is never simply an attack on a well person, but rather a summing up of more or less lifelong violations of health laws."

Spring Hats

REVEAL FIRST FASHION FANCIES

Yes, the Hat's out of the box and milady who believes in signs, who has seen the first robin and crocus will eagerly choose her Spring Chapeaux even before she has thought of her Spring wardrobe. Poke shapes and scarf drapes, hair braids and faille silks are prominent.

BERRY REDS
ALMOND GREEN BLUEBELL
TOAST BROWN

The fashion flair for printed silks and bandana kerchiefs has sponsored a most intriguing group of early Spring Hats.

Meteorites.

Though there is some uncertainty as to the origin of meteoric stones or meteorites, says the Scientific American, they probably are the minute fragments of the primitive solar nebula that failed to be swept up originally in the formation of the larger members of the system and which finally chanced to be trapped by the earth's atmosphere.

Earth's Original Crust.

The earth's original crust, so far as is known, is in the uplands north of the Gulf of St. Lawrence. These Laurentian rocks are believed to have been the first to emerge from the fires of the past.

Royal Road to Success.

Whatever your occupation in life may be apply yourself to it seriously and diligently. Let it be the subject which dominates your thoughts, because your success will be measured by the interest you take in what you are doing. Intense interest will mean close application and hard work and it is only along that road that success and contentment are to be found.—Exchange.

Boring Metals.

Brass, copper, iron, steel and other metals are easily drilled if you use oil or grease as a lubricant. Do not try to drill too rapidly, and when nearly through the metal go very slowly, as a drill may easily be broken by trying to turn it too rapidly as it pushes itself through the surface.

Cause of the High Average.

The percentage of fools would be greatly reduced if it were not for the men who think they know it all and the men who think they are lady-killers.

Ancient Greeks Took Gymnastics.

In every Greek city was established a gymnasium where crowds of young men exercised themselves naked. This institution was originally intended for those only who were in training for the Olympic games, but afterward it became part of the daily life. The Greeks went to the gymnasium with the same regularity as the Romans went to the bath.—Winwood Reade in "The Martyrdom of Man."

Kill Turkey Buzzards.

The green fly and the turkey buzzard are two of mankind's worst enemies, because they help spread infantile paralysis germs and other malignant forms of disease. The buzzard was in large measure responsible for the spread of rinderpest in South Africa, cholera in India and the epidemic that killed off the water buffalo in the Philippines. The green fly and the turkey buzzard should be killed on sight.—Thrift Magazine.

THWARTING INFLUENZA

You doubtless know that it is a well nourished body that is the strongest factor in thwarting the inroads of influenza or other disease germs.

SCOTT'S EMULSION

should be taken faithfully at the first signs of "catching cold" or tender throat or soreness in chest. The abuadant tonic-nourishing qualities of *Scott's*, is an effectual help in all times of threatened weakness.

SAFETY FIRST—TAKE SCOTT'S EMULSION!

Scott & Bowne, Bloomfield, N. J. 20-3s

Got a cold ? MENTHOLATUM clears it out.

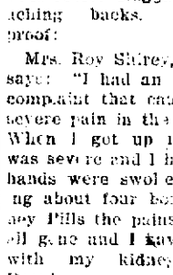
WOMAN SO BLUE SHE CRIED

Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound



Burlington, Iowa.—"I used to dread the time for my monthly period as it came every two weeks and lasted for two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so happy I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me."—Mrs. RALPH GAIL, 2021 Des Moines St., Burlington, Ia.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Gail, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

OH! MY BACK!

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Clearfield proof:

Mrs. Roy Shirey, 128 Clearfield St., says: "I had an attack of kidney complaint that caused me to have a severe pain in the small of my back. When I got up mornings the pain was severe and I had headaches. My hands were swollen, too. After taking about four boxes of Doan's Kidney Pills the pains in my back were all gone and I haven't been troubled with my kidneys since. I think Doan's are a wonderful kidney remedy and I gladly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shirey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Curing That Cough An Easy Matter

The getting rid of that annoying cough is more or less of an easy matter if you will start on a bottle of our Syrup of Cod Livers with pine tar and eucalyptus.

It goes right down to the seat of the cold and you're soon better.
